Finishing

Block to measurements. Using duplicate st (see Glossary, page 85 for embroidery instructions) and colors as specified on Colorwork chart, embroider motifs as indicated. Work accents in chain and cross-stitches as indicated on chart. Weave in loose ends. Block again. **Fringe:** Cut 243 strands of MC, each 16" (40.5 cm) long. Form groups of 3 strands each, fold them in half, and knot a group into every third slipped st along shaped edges. Take half of the ends from adjacent knots and tie them into another knot about 1" (2.5 cm) below the first knot as shown at right. Trim fringe evenly.

Double-Knotted Fringe

Knot each group of fringe close to shawl edge, then take half of ends from adjacent knots and tie them into another knot about 1" (2.5 cm) below the first knot.

Diane Zangl designs knitwear patterns for magazines and yarn companies. She lives in LeRoy, Wisconsin, with her husband and assistant cat.
